

# Reading unit RFU 35

Radio reading unit RFU 35 is intended for contactless reading of data transmitted by heat cost allocators E-ITN 30 and radio modules for water meter E-RM 30. Unit can be connected to computer (usually notebook / netbook) using standard USB port. Unit can be used with supplied omnidirectional rod antenna or, to increase the reading range, with optional panel antenna ZZ P-868.
